

NetApp Training 2013

- Authorized NetApp Training Programs
- FlexPod & Multi-vendor Data Center Training
- Corporate On-site & Customized Training
- NetApp Certification Training
- NetApp Partner Training
- NetApp Training Units

Multi-vendor Data Center & Virtualization Training

Fast Lane is the only provider of authorized vendor curricula from NetApp, Cisco and VMware. Because of this, we are uniquely positioned to help you gain the cross vendor knowledge and skills you desire. We've combined the best sales and technical information from these three leading companies and added the key information developed by our outstanding team of Certified Instructors from around the globe to create a powerful curriculum to help you sell, prepare for and deploy the most important Data Center technologies.

Authorized Learning Partner

Multi-vendor Data Center Foundations & Sales Enablement

The primary goal of our foundation training is to accelerate your learning by eliminating pre-requisite courses so you can obtain the information you require in the shortest amount of time possible. With an emphasis on covering the technologies in a level of detail that supports your efforts to fully understand and position these complex systems.

FlexPod for Account Managers (FPAM) 1 Day	VXI for Account Managers (VXAM) 2 Days	VXI for Systems Engineers (VXSE) 2 Days	VXI Proof of Concept Workshop (VXPC) 2 Days
---	--	---	---

Multi-vendor Data Center Implementation

With a very technical and complex training curriculum it is always our goal to optimize your time and learning experience. We have developed numerous in-depth lab exercises that enables you to master the topics covered during your course. The multi-vendor data center curriculum involves a 2 day pre-requisite course and a selection of 3 day courses so you can choose your desired training path.

FlexPod for VMware Design & Implementation (FPVI) 3 Days	FlexPod for VMware Administration (FPVA) 3 Days	Implementing Enhanced Secure Multi-tenancy Solutions (IESMT) 3 Days	VXI/VDI Design & Implementation (VXDI) 3 Days
FlexPod for VMware Essentials (FPVE) 2 Days			

NetApp Partner Award for Fast Lane's Multi-vendor Lab Infrastructure

Fast Lane received NetApp's Partner Award for our creative use of NetApp technologies, particularly around FlexPod, in our remote lab infrastructure and the delivery of multi-vendor courses. These multi-vendor environments enable training participants to access specific courses that prepare them for using NetApp, Cisco and VMware technologies in the workplace. The core of the lab infrastructure is comprised of redundantly-configured NetApp clusters running in a unified fabric with Cisco Nexus switches, UCS blade servers and VMware vSphere.

Fast Lane is the only global NetApp Learning Partner. We offer the full NetApp curriculum in more than 60 countries and 12 languages. All our instructors are NetApp-certified specialists with extensive practical experience in the storage environment.

NetApp Training Units

NetApp Training Units (TUs) are accepted as payment for all Fast Lane delivered NetApp courses. Simply quote your NetApp PO number when registering for a course. One day of training requires 12 TUs per student.

Private Courses

Fast Lane can deliver any course as a private on-site program. Contact us to discuss your specific training needs and let us customize the right program for you.

NetApp Storage & Data Center Labs

NetApp training extends far beyond classroom theory, enabling every course participant opportunities to gain hands-on experience installing, configuring, and troubleshooting these systems. Fast Lane offers you unique lab environments for NetApp storage solutions.

NetApp Certifications

NCIE NetApp Certified Implementation Engineer	
NSO-510 Backup & Recovery	
NCIE NetApp Certified Implementation Engineer	
NSO-502 SAN & Virtualization	
NCDA NetApp Certified Data Management Administrator	
NSO-154 Data ONTAP 7-Mode Administrator	or NSO-156 Data ONTAP Cluster-Mode Administrator

NetApp certification is proof that you have the skills necessary to manage and deploy NetApp technologies to best meet the needs of your company. The NetApp certification program is structured to offer storage professionals a strong foundation and a comprehensive range of specializations to choose from.

Fast Lane delivers the courses you need to prepare for the certification you desire.

Specializing in high-end IT projects and the development of professional IT qualifications, Fast Lane is there for you in more than 60 countries across all continents. Fast Lane has developed its own training programs and partnered with leading technology vendors such as Cisco, NetApp, VMware and more to offer you a comprehensive training solution. Fast Lane offers training programs around all core technologies, including dedicated training courses around data center, virtualization, unified communications, collaboration, security, and wireless technologies. Fast Lane also offers a consultancy and support service covering the full network lifecycle from Planning, Design, Staging, Implementation, Operation, Maintenance, Support and Upgrades.
